

JUSTICE PROGRAMME PROJECT "COOPERATION DEVELOPMENT AMONG MEDIATORS AND LAWYERS"

In September 2019 four partner universities from Latvia, Italy, Lithuania and Austria started to implement JUSTICE programme project "Cooperation Development among Mediators and Lawyers" which aims to develop training materials, provide professional training and stimulate cooperation among mediators and lawyers.

AIM OF THE PROJECT

The main focus of the project is to foster cooperation between justice professionals – lawyers (advocates) and mediators, with the aim to promote effective and coherent application of the Brussels II bis rules among justice professionals. Judicial and mediation training for merged groups of beneficiaries – lawyers and mediators will be organized, to increase mutual and inter-professional understanding for smoother solution of cross-border Family law disputes, especially those involving the best interests of the child.

ACTIVITIES

The project partners will elaborate training support materials – unified recommendations, collection of best practice examples and translation of 4 already existing professional mediation videos. Partners will organize trainings for justice professionals - lawyers and mediators practicing in cross-border family and parental responsibility cases. There will be a study visit to the dispute resolution centre for representatives from each partner country and national and international experience exchange events.

RESULTS

The overarching result of the project is closer cooperation between justice professionals of two sectors – lawyers and mediators in cross-border family cases. To reach it the partners will organize trainings for both groups and arrange support study materials. This will grant professional increase of knowledge and cooperation between professions.
